OUR SERVICES

Benefits and Support

In Kalstein France, we take care of the full satisfaction of our customers, that is why we provide value-added services of the highest level based on our experience.

Online Inductions and Trainings

In any part of the world, receive your induction or training from our specialized team of engineers

Quick Response

Our work team is always available to response all your consults or questions, in order to support you in any situation.

#Letsgivemore ❤️

Thanks to your purchase, a donation will be made to a non-profit foundation that fights against breast cancer and helps most vulnerable communities.

Technical Support

Enjoy of personalized advice for the correct preventive and corrective maintenance of your equipment, thanks to Kalstein's manuals and articles, special catalogues and video tutorials.

Delivery Logistics

We take care of all the necessary logistics for the dispatch of your goods, whether is by sea, land or air.

Kalstein Worldwide

With more than 25 years growing with our customers, Kalstein's multiformat and modern content, is now present in more than 10 countries and increasing.

Constant Temperature and Humidity Chambers

Model YR0100SH

With constant temperature and humidity control function. It is a based equipment for environmental protection, medical, drug testing, health and epidemic prevention, livestock, aquaculture and other scientific research and college departments. Also, widely application in biological engineering and water analysis field etc.

Humidity Chamber :

Without fluorine refrigerant system, reasonable air circulation system to ensure temperature uniformity; intelligent control to ensure constant and precision of temperature and humidity; large capacity humidifying system; liner with lighting device.

Recommended the use of biological engineering and water analysis,

Feature :

- ✓ The inner chamber is made of mirror stainless steel.
- ✓ Semi-circular corners inner chamber is easy to clean.
- ✓ Shelf can be adjusted.
- ✓ LED microcomputer controller make the temperature and humidity constant.
- ✓ Touch key parameter setting.
- ✓ Timer, over temperature alarm function.
- ✓ Large angle observation window, easy to watch the goods in the inner chamber with lighting.
- ✓ Large-capacity humidifier, easy to use

Optional accessories

- 1) Portable integrated data printer
- 2) Computer communication interface and software
- 3) Test hole

KALSTEIN FRANCE, S. A. S

Operation steps:

1

Press power switch

2

Press the set button

3

Set time temperature and other parameters.

(Select shift key,

add and subtract key)

4

Set up to complete

Automatic operation of the machine, arrive time will be automatic alarm, and then stop running

Optional accessories:

1. Test hole

2. Computer interface and software

3. Portable integrated printer
