KALSTEIN® Dental Accessories Dental Accessories Model YR06012-op1 // YR06012-op12

Product Description:

Whether building a new dental practice from scratch, upgrading an existing practice or expanding a practice with additional operator or new specialty services, numerous pieces of dental equipment will be needed to complete the project. More than just the technologies used to treat patients, dental equipment also includes the utility systems that power a dental practice, the systems used for infection control protocols, and even all of the equipment used to set up a portable dental operator. Dental equipment can be divided into many categories to encompass the types of equipment that every practice needs in order to treat patients as well as the equipment required in practices providing specialized services such as endodontic or oral surgery. In Kalstein we bring you a different types of instruments witch make you a lot easier the way to treat your patients.
