OUR SERVICES

Benefits and Support

In Kalstein France, we take care of the full satisfaction of our customers, that is why we provide value-added services of the highest level based on our experience.

Online Inductions and Trainings

In any part of the world, receive your induction or training from our specialized team of engineers

Quick Response

Our work team is always available to response all your consults or questions, in order to support you in any situation.

#Letsgivemore

Thanks to your purchase, a donation will be made to a non-profit foundation that fights against breast cancer and helps most vulnerable communities.

Technical Support

Enjoy of personalized advice for the correct preventive and corrective maintenance of your equipment, thanks to Kalstein's manuals and articles, special catalogues and video tutorials.

Delivery Logistics

We take care of all the necessary logistics for the dispatch of your goods, whether is by sea, land or air.

Kalstein Worldwide

With more than 25 years growing with our customers, Kalstein's multiformat and modern content, is now present in more than 10 countries and increasing.

KALSTEIN® Ovens
Electric Heating Drying Oven
Model YR05259-2

KALSTEIN® Ovens

Electric Heating Drying Oven

Model YR05259-2

Product Description:

Natural convection; Two kind of temperature controller; pointer controller and Microcomputer intelligent controller type; shelf space and shelf number can be adjustable; double-layer tempered glass observation window; Suitable for industrial factory, labs, research and other departments for drying, baking, heat treatment, heat, but it's not for volatile, flammable, explosive and other items, in order to avoid to cause an explosion. Suitable for routine testing of industrial and mining enterprises, basic laboratory and workshop is not recommended for a long time continuous use. The requirement of higher temperature uniformity and large water content t of the sample is not recommended.

Product Introduction:

Provide for the industrial factory, labs, research and other departments, for Drying, baking, melting and sterilizer use.

Features:

- ✓ Three kinds of controller types Pointer controller, LED microcomputer controller and Microcomputer intelligent type.
- ✓ The shell is made of high quality cold-rolled steel with metallic paint spray. Nice overall color design suitable for all research labs and workshop production.
- ✓ With double-layer glass observation window, easy to watch the materials in the chamber.
- ✓ Two models material inner chamber mirror stainless steel and ordinary cold-rolled stainless steel.
- ✓ Air circulation system consists of low noise fans and air cycle duct to make the temperature more uniform. The reasonable air circulation ensures the temperature uniform in the inner chamber and fast warm-up time.
- ✓ High temperature resistant silicone for sealing the door, high-temperature heat pipes for the heating element to ensure safety and longer life.
- ✓ Natural convection for YR05259-2 oven air circulation..

Technical Description:

Model	YR05259-2
Voltage (V)	220
Temp range (°C)	RT+5 ~300
Accu racy (°C)	±1
Fluctuation (%)	±1
Power (KW)	0.8~1.6
Inner size (mm)	250*250*250
Overall dimension (mm)	480*520*400
Packing size (mm)	600*600*480
Net weight	19
